## PREFACE

This volume is the second in a series of reproductions of Tibetan, Bhutanese, Mongolian, and Chinese reductions of the famed "Four Medical Tantras" (*Agga'i tsö*), which are the basic texts for the understanding of Lamaist ayurveda. We have already published in the *Somastu Shastri Special* series two different reductions of the *Red darya ngas pa*, *Sde-wrid* Saṅpa-rgyas-rgya-mtsho's commentary on the *Agga'i tsö*. In the near future we hope to bring out other commentaries explaining the text from the point of view of other schools of Tibetan medicine. The *Abu ge'i chel lung* of the Zur-mkhar school is the most variant of these other commentaries.

The print reproduced here is from a personal library from Ladakh. The blocks were carved in 1888 for the Lhasa-po-ni Medical College. Later the blocks were revised and corrected by the famed Mkhjyru-abu-nu-tu. Sivani
